2015 IAMSE ANNUAL MEETING

From Islands to Integration - Identifying the Gaps and Building Bridges

IAMSE Conference Program

The IAMSE meeting offers a lot of opportunities for faculty development and networking, and brings medical sciences and medical education across the continuum together. This year's main topic is integration with a focus on technology, assessment, inter-disciplinary collaboration/education and active and self-directed learning. Keynote speakers Leslie Fall (USA), Suzanne Stensaas (USA) and Deirdre Bonnycastle (Canada) have already been confirmed, others will be announced soon. The meeting offers workshops, focus sessions, oral and poster presentations. In addition to the program, the IAMSE Fellowship and AMEE-ESME course will be offered.

Who Should Attend?

The meeting is designed for all those who teach and lead curricula in the sciences of medicine and health. Participants include basic scientists and clinical medical faculty as well as members representing faculty from various other health care disciplines and educational disciplines. Also students are always represented and involved in the program. This international meeting typically hosts over 25 nationalities from around the world.

About San Diego

Bordered by the Pacific Ocean to the west, the Anza-Borrego Desert and the Laguna Mountains to the east, and Mexico to the south, the diverse neighborhoods of San Diego are spread out over 4,200 square miles, offering endless opportunities for exploration and activities. Spend a day relaxing in one of the many beach communities, then hiking in the east San Diego County mountains the next. Explore the urban neighborhoods of San Diego's downtown, from the iconic Gaslamp District to the eclectic community of Hillcrest. Visit the quaint and charming island town of Coronado or the picturesque village of La Jolla. San Diego's regions are so unique and diverse; there are plenty of options to discover something new each time you visit.

KEY DATES:

September 30, 2014:	Deadline for workshops and focus sessions
December 15, 2014:	Deadline for posters and oral presentations
April 1, 2015:	Early bird deadline for registration
